

MEGA PACK

A revolutionary energy storage solution designed specifically for commercial and industrial users, MEGA PACK replaces conventional batteries and generators with advanced lithium-ion technology. Featuring a smart inverter, it seamlessly integrates with solar energy systems while also functioning as a stand-alone solution.

MEGA PACK delivers unmatched efficiency and future readiness, making it the ideal choice for India's dynamic energy landscape. Its real-time monitoring capabilities, intuitive dashboards, and in-depth analytics provide users with the tools to make informed energy decisions, optimize usage, and reduce costs.

Highly efficient Lithium-Ion Battery with 15+ years of battery life

Integrated inverter system with Hybrid functionality

Real-Time monitoring on web-based Dashboard

Scalable and easy to install.

Provide Voltage & Frequency Regulation of Grid

5 Years warranty with extension to 10 years

Fire Proof Technology

Mega Pack (100KW 215KWh)

Performance Specifications	
Rated Power	100KW
Nominal Capacity	215.04kWh
Rated Voltage	400 V (-15%~15%)
Rated Frequency	50/60(-2.5~1.5)Hz
Rated AC Power	100KW
Power Factor	>0.98
Access Method	Three-phase four-wire
Continuous charging current	140 A
Communication	CAN 2 way, Route 4852
Internal battery Voltage	51.2V

Mechanical Specifications	
Dimension	1500 X 1085 X 2200 mm
Weight	<2.7T
Mounting option	Ground

Compliance Information	
Compliance	UN 38.3, IEC 62619
Protection Level	IP54
Fire Testing	Fire Proof and Protected
